BULLETIN

This bulletin is one in a series of routine updates regarding Prescription Advantage. These notices are designed to inform a broad network of outreach partners and other interested parties about Plan updates affecting both current and future Plan members.

Medicare Prescription Drug Plan ID Cards

At this time, some of our Prescription Advantage members have not received their new ID cards from their Medicare Prescription Drug Plan. If these members need to fill a prescription on or after January 1, 2006, they should be instructed to bring any documentation that identifies the plan they are enrolled in to the pharmacy along with their new Prescription Advantage ID card. This documentation includes:

- 1) the auto-assignment letter the member received from Prescription Advantage, and/ or
- 2) the acknowledgement letter the member received from the Prescription Drug Plan.

The pharmacist can use this information to contact the member's Medicare Prescription Drug Plan and confirm the member's enrollment. The pharmacies have been provided with a list of contacts at each Medicare Prescription Drug Plans that members were auto-assigned to.
